Subject: Covenant of Employment – Health Data Analyst

Dear Vincent,

You are hereby invited to join Ukubona LLC—not merely as an employee, but as a navigator. Our compass points not to profit but to perception. Our metric is clarity. Our tools are data and discernment.

You are offered the position of Health Data Analyst at Ukubona LLC, a Virginia-based entity committed to public health data science and epistemic tools for insight.

— Start Date: Thursday, March 27, 2025
— Status: Full-time at 21 hours/week
— Rate: $13/hour
— Mode: Hybrid (remote via GitHub + Virginia reporting)
— Supervision: Direct mentorship by Abimereki Muzaale, MD, MPH

You will:
• Analyze federal/clinical datasets (NHANES, CMS, SRTR, etc.)
• Build multivariable Cox regression models
• Contribute to Kaplan-Meier risk-visualization tools
• Assist with data pipelines (.csv), HTML, and JavaScript
• Collaborate on manuscripts and statistical design
